Those riders not qualified will move into MX3. No refunds will be provided to non-qualifying riders.

The time qualifying and percentage calculation is based on international standards and will be derived from the electronic timed lap scoring system.

Wild Card Option: The Series Steward, Clerk of the Course & Event Organiser in consultation may choose to include individual riders to the Start Gate for Championship classes; these will be known as Wild Card riders.

12. GATE POSITIONS:

All Classes

The only person to pick the gate selection is the rider. Once the final rider has selected their gate and entered the start area, the mechanic (or support person) may enter the gate area with the competitors bike. One mechanic or support person per rider ONLY. Should the rider not be in the waiting zone for gate selection they will forfeit their position or pick which will result in having the last pick for gate selection.

The sighting lap is compulsory (unless the Steward and COC declare it optional) and must be completed on the competitors race bike (competitors can't change bikes once they leave the gate). At the completion of the sighting lap if you are not back behind the starting gate you will be locked out. If the competitor has the misfortune of the bike developing technical issues, once they have left the gate for the sighting lap, they may complete repairs to the bike, once the race has started, from behind the gate or from the mechanics area. However they cannot change machines. Further details will be made available at each rounds riders briefing.
